Grading system	The Russian University system is organised in <b>3 cycles</b> : the 1st cycle academic degree, that is the Bachelor degree, grants access to the 2nd cycle Master's degree, corresponding to the 2nd cycle and giving access to 3rd cycle doctorate programmes resulting in the PhD degree called " <i>Aspirantura</i> ".  The <a href="#">European Credit Transfer System</a> (ECTS) is used by Russian universities to evaluate and measure the workload of single courses, as well as entire qualifications. ECTS credits represent the total student workload (class time, individual study, exam preparation, practical work, etc.) needed to complete a module/programme. According to Russian legislation, <b>one ECTS corresponds in RUDN to one CFU credit that is equivalent to 36 hours</b> .  Exams are graded using a grading scale of 100, where 51 is the minimum passing grade and 100 the highest grade.
